GRAND LAKE & LAKE ESAU

Public Meeting re: Lake Level Orders & Special Assessment Districts

- Presque Isle County is in the process of **updating the lake level orders and establishing lake level special assessment districts** for Grand Lake and Lake Esau
 - The County is also working to develop a **long-term plan to manage the lake level** on Lake Esau
- Updates to the lake level orders will take place in Circuit Court to ensure the legally established levels in the orders are **consistent with the physical lake levels and state law**
- Special assessment districts will provide a consistent funding mechanism to help pay for **maintenance of the legally established levels**, including implementation of a long-term plan on Lake Esau
 - Boundaries of the proposed special assessment districts will include properties with **private legal access** to each lake (lakefront, deeded, platted, etc.)
 - **Your property is currently under consideration for inclusion** in the special assessment district for Grand Lake and/or Lake Esau
- For more information and to view **maps of the tentative special assessment districts**, visit www.presqueislelakelevels.org or scan the QR code
